#### WHAT IS SPEECH TO PRINT?

Nationally recognized literacy educator and author, **Dr. Louisa Moats**, has partnered with the State of Ohio to support Early Literacy training and share her LETRS modules. Dr. Moats specializes in the implementation of school-wide interventions to improve literacy. She is the authority on how children learn to read and why some fail to learn. Her landmark professional development program called *Language Essentials for Teachers of Reading and Spelling* is based on research and not on any specific curriculum. It supports teachers as they diagnose the root causes of literacy struggles. Join us to learn how her work in Speech to Print supports Ohio's initiative!
