

# Fun with **CODING & STEAM** for grades 4-8

## Day One:

Do you want to learn how to code? Create a game with code? Learn how to animate characters, add music, text, build mazes, and more to an original game that you code? Join us to learn about coding through a series of hands-on activities. No previous coding experience required. The workshop will make basic coding fun and easy to learn!

## Day Two:

**SPACE** and **LIGHT** science day using **STEAM** skills. Calculate and understand the distance between the sun, moon and stars in a Planetarium environment. Use solar paper to create a work of art. Build and cook a snack in a solar oven.

### Dates & Time:

June 26 - 27  
9:00 a.m. - 3:00 p.m.

### Cost:

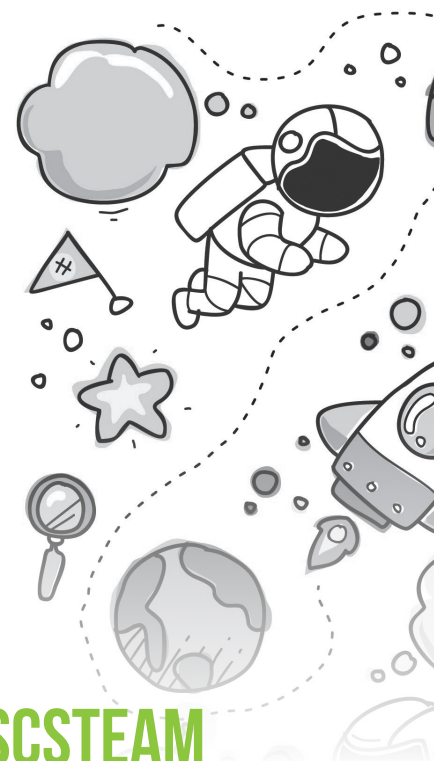

**\$50.00/day**

Students will take home items they create!  
Minimum enrollment of 25 students.  
Max enrollment of 50 students.

### Lunch:

Bring a packed lunch  
Snacks & drinks provided
