

PUSHING **INTO THE CLASSROOM**

ABOUT THIS SESSION

In this 4-hour course, we'll cover all the basics about push-in/integrative/contextual therapy services.

- Learn the “why” behind integrative services. What are the benefits and challenges? What does the research say?
- Learn how to build relationships with teachers to support your push-in therapy practice.
- Ease the feeling of awkwardness and feel more confident and effective when providing services in the classroom and other inclusive settings during the school day.
- Show up ready for your push-in therapy session with new ideas, plans, strategies, and an action plan.

The 4-hour webinar is followed by a 2-hour face to face collaboration and brainstorming session with **Lauren Drobnjak** and **Claire Heffron** designed to share practical ideas for co-treating and pushing in.
