

An Introduction to:

Trauma-Informed Resilience

FOCUSED SCHOOLS & CLASSROOMS

JOIN US

- Learn how to create trauma-informed schools and classrooms.
- Build resilience and understand how trauma impacts children and their school experience.
- Develop an understanding between private logic and deficits of universal needs and the impact on academic achievement and behavior.
- Explore how to assess students and create behavior support plans.
- Learn about experiences that will help students process trauma, nurture, and restore resilience.
- Learn about 1-minute sensory-based interventions and their application.

WHO SHOULD ATTEND?

Anyone who works with children, adolescents, families, or communities.
