

# High Quality Student Data

## *Local Decision Points for Districts Regarding HQSD*

Many school districts are planning and preparing for the use of HQSD as part of OTES 2.0 and, more importantly, for use in school improvement initiatives.

Mid-Ohio is offering districts an opportunity to explore the implementation of HQSD in OTES 2.0, local decision points allowed within the evaluation system, and the requirements of local decision teams. School districts are encouraged to send a team of decision makers to Mid-Ohio to receive supports and guidance in the implementation of HQSD.

**Who:** District Leadership Teams

**When:** January 10, 2022

**Training:** 8:30-11:30 am

**Team Time/Workshop:** 12:30-3:00 pm

**Where:** Mid-Ohio ESC (zoom option will be available)

**Cost:** Client - Free

Non-client - \$150.00 per Team

*Payments can be made to Mid-Ohio ESC via PO, credit card, or check*

MOESC will facilitate a limited number of in-district trainings and implementation supports. These in-district work sessions will be offered in the spring of 2022. In further support, Mid-Ohio will host an additional training and implementation session in the June 16, 2022. Please join us for our January HQSD implementation kick-off.
